

YOUTH CAMP 2026

Emergency & Contingency Plan

Camp Loucon • Leitchfield, Kentucky • Nolin Lake

Approved by: State Family Program Director (SFPD)
Effective JAN 2026 | Version 2026.1 | Review: Post-Season 2026

CUI - Controlled Unclassified Information

Purpose & Scope

PURPOSE

Protect the safety and welfare of all campers, staff, and volunteers by providing clear, actionable procedures for emergencies and venue-level disruptions at Camp Loucon.

SCOPE

Applies to ALL personnel on site - regardless of status:

- Specified Volunteers
- AGR and ADOS personnel
- Family Readiness Staff
- State Active Duty (SAD) personnel
- Contracted support and visitors

ONE STANDARD

Regardless of your status, while you are here you represent this program and are held to one standard of conduct and care.

***"These are our Service Members' children.
There is no higher trust."***

Chain of Command

Emergency reporting flows UP this chain. In a life-threatening emergency, call 911 FIRST, then notify.

Roles & Responsibilities

ROLE	PRIMARY EMERGENCY RESPONSIBILITY
SFPD	Overall accountability; venue-change & cancellation authority; command emphasis; external/command notification.
Lead CYSC Coordinator (LCYSC)	Program-level oversight; links SFPD to camp leadership; coordinates resources; supports emergency decisions.
Commandant	On-site incident command; activates EAPs; coordinates with EMS/fire/LE; declares all-clear.
Medical Lead (Nurse/Medic)	Triage, treatment, EMS handoff, medication control, ER coordination.
Safety Officer	Monitors weather & conditions; enforces activity suspension triggers; drill oversight.
Platoon Leaders	Accountability (roll call); move campers to shelter/rally points; report status up the chain.
Volunteers / Staff	Execute immediate actions; supervise & account for youth; report - do NOT investigate.

Camp Loucon, Leitchfield, KY - Nolin Lake, Grayson County.

Owensboro Health Twin Lakes Medical Center - ED
910 Wallace Ave, Leitchfield, KY 42754
(270) 259-9400

- Severe Weather Shelter: Turner Lodge
- Fire Rally Point: Basketball Court
- Reunification: Dining Hall

Shelters, Rally Points & Reunification

SEVERE WEATHER → TURNER LODGE | FIRE → BASKETBALL COURT

For severe weather, move/transport personnel to Turner Lodge. For fire, evacuate to the Basketball Court. If a tornado warning is received too late to reach Turner Lodge, take last-second shelter in the nearest hardened interior space.

FUNCTION	LOCATION	NOTES
Severe Weather Shelter (Primary)	Turner Lodge	Move/transport personnel here on warning; accountability at shelter.
Severe Weather (Last-Second)	Nearest hardened interior space	ONLY if Turner Lodge cannot be reached in time.
Fire Rally Point	Basketball Court	Move upwind, clear of structures; conduct roll call.
Reunification Point	Dining Hall	ID verification required; authorized pick-up list only.

Emergency Communications & Key Contacts

CONTACT	NAME	NUMBER / DETAIL
EMERGENCY (Fire / EMS / Police)		911
Nearest ER - Twin Lakes Med Ctr		910 Wallace Ave, Leitchfield, KY • (270) 259-9400

Lead CYS Coordinator (LCYSC)	Jessie Maggi	502-229-3965
Commandant	Andrew Hall	859-612-8473
Medical Lead (Nurse/Medic)	Serena Hodges	Signal App
Safety Officer	Michael Smith	270-993-5197
Grayson County Sheriff (non-emerg.)	Normin Chaffins	270-259-3024
Poison Control		1-800-222-1222

INTERNAL COMMS

Radio Channels:
Call Signs:

All-Camp Signal: All-call
over radio

Who calls 911: First person
to identify the emergency,
then notify Commandant.

+ Medical Emergency / Serious Injury

1. SCENE SAFETY

Ensure the scene is safe. Do not become a second casualty.

2. RENDER AID

Provide first aid / CPR as trained. Send for the Medical Lead & AED.

3. CALL 911

For life-threatening emergencies. State: Camp Loucon, location on site, nature of injury.

4. NOTIFY

Medical Lead → Commandant → LCYSC → SFPD. Assign a staff escort for transport.

5. SUPERVISE

Keep all other campers accounted for and moved away from the scene.

6. NOTIFY PARENT

Designated staff makes scripted call to parent/guardian.

7. DOCUMENT

Complete incident report SAME DAY. Conduct hot-wash / AAR.

⚠ Allergy / Anaphylaxis: administer EpiPen per medical plan, then CALL 911 immediately.

Fire / Evacuation

IMMEDIATE ACTIONS

- Remain calm. Pull the nearest fire alarm as you exit.
- Feel doors for heat before opening.
- If smoke: stay low, one hand on the wall, crawl to nearest exit.
- Once clear, call the Operations Center / 911 and report the fire.
- **Evacuate to the FIRE RALLY POINT - BASKETBALL COURT.**
- **DO NOT re-enter unless authorized by fire officials.**

ACCOUNTABILITY

- At the Basketball Court, Group Leaders conduct roll call by roster.
- Report status (all present / missing) up the chain immediately.
- **Missing camper → escalate to Missing Camper protocol AT ONCE.**
- Direct EMS/fire to the scene; brief incident commander.
- Hold at the Basketball Court until all-clear is declared.

Severe Weather

CONDITION	ACTION SET
MONITORING	Assigned staff monitor NWS alerts/radar continuously. Safety Officer owns the call.
WATCH	Prepare. Limit/suspend high-risk & water activities. Pre-stage for shelter. Brief leaders.
WARNING (Tornado/Severe)	First person alerted initiates all-call over radio. SEEK SHELTER at Turner Lodge. Accountability at shelter. Confirm all-clear, then triage/assess.
FLOODING / ROAD ACCESS	Use pre-identified safe routes only. No travel through flooded roads. Monitor lake/creek levels.
LIGHTNING	When thunder roars, go indoors. 30/30 rule. Clear the LAKE, POOL, and all high elements immediately.

Heat-Related Illness - Recognize & Respond

CONDITION	WATCH FOR	ACTION
HEAT STROKE ⚠️ CALL 911	Temp $\geq 103^{\circ}\text{F}$; hot/red/dry or damp skin; fast strong pulse; confusion; passing out.	CALL 911. Move to cool place. Cool with wet cloths/cool bath. DO NOT give fluids.
Heat Exhaustion	Heavy sweating; cold/pale/clammy skin; weak pulse; nausea; cramps; dizziness; fainting.	Cool place; loosen clothes; cool cloths; SIP water. Get help if vomiting, worsening, or >1 hr.
Heat Cramps	Heavy sweating during activity; muscle pain/spasms.	Stop activity; cool place; water/sports drink; rest before resuming.
Sunburn	Painful, red, warm skin; blisters.	Out of sun; cool cloths; moisturize; do not break blisters.
Heat Rash	Red clusters of small blisters (neck, chest, groin, elbow creases).	Cool, dry place; keep skin dry; powder.

PREVENTION: Hydration schedule • shade/water breaks • buddy checks • work/rest cycles • modify or suspend high-exertion activities (field games, drill, ropes, climbing) in extreme heat. *Source: CDC.*

Active Threat / Violence - Run · Hide · Fight

CALL 911 AS SOON AS SAFE - AND KEEP THE LINE OPEN. NOTIFY THROUGHOUT ALL PHASES.

RUN

- Evacuate if a safe path exists.
- Leave belongings behind.
- Help campers escape; keep hands visible.
- Prevent others from entering the area.
- Notify 911 when safe.

HIDE

- If you cannot run, shelter / lockdown.
- Secure all points of ingress (doors, windows).
- Silence phones; turn off lights; stay out of view.
- Layers of cover & concealment; stay quiet.
- If outside, move to wooded area & conceal.

FIGHT

- **LAST RESORT** - imminent danger only.
- Act with aggression; improvise weapons.
- Commit fully to incapacitate threat.
- Work together as a team.

WHEN LAW ENFORCEMENT ARRIVES

Hands visible, fingers spread • no quick movements • don't grab/cling to officers • don't point or scream • follow instructions • evacuate toward officers' entry point.

⚠️ YOUTH-SPECIFIC

Children may freeze or scatter. Staff must physically account for, direct, and stay with campers throughout. Take a headcount before, during (if possible), and after.

Aligned with DHS/CISA Run·Hide·Fight, FEMA IS-907, ISC Federal Workplace Violence Guide (2019), and ATP 3-37.2. After incident: roll call, triage, reunify at Dining Hall.

Lost / Missing Camper

1. CONFIRM

Establish last known location (who/when/where). Confirm if they signed out.

2. ALERT

Notify Commandant IMMEDIATELY. Initiate all-camp accountability (freeze & count).

3. SEARCH

Assemble team w/ maps, radios, med kits (on medics). **PRIORITIZE** water (Lake, Pool, Pond, Falls) **FIRST**.

4. CHECK-IN

PLT SGTs call Operations Center every 15 min w/ location & area covered.

5. ESCALATE

If not found within 30 minutes → CALL 911 / Sheriff.

6. NOTIFY PARENT

Designated staff notifies parent/guardian per script.

7. DOCUMENT

Log timeline, actions, and outcome. Conduct AAR.

⚠ Water hazards (Nolin Lake, Pool, Pond, Falls) are searched FIRST - highest-severity risk.

Abuse / Safeguarding Concern

EVERY STAFF MEMBER & VOLUNTEER IS A MANDATORY REPORTER

- 1. Ensure the immediate safety of the child.
- 2. REPORT immediately - notify Jessie Maggi AND make the required report to KY child protection authorities.
- **3. Do NOT investigate, interview, or confront. Preserve information factually.**
- 4. Separate the alleged individual from ALL youth contact pending investigation.
- 5. Maintain strict confidentiality - need-to-know only.
- 6. Internal chain: LCYSC → SFPD → JAG → Command. Document factually.

Activity EAP - Aquatics

Lake • Pool • Canoes (Pond) • Water Games

HIGHEST-SEVERITY RISK: DROWNING - ZERO TOLERANCE FOR SUPERVISION LAPSES

PREVENTION CONTROLS

- Certified lifeguard on duty; no swimming without one.
- Swim checks / ability grouping; buddy system enforced.
- PFDs required for ALL canoeing (pond).
- Headcount BEFORE and AFTER every water activity.
- Clear the water at first thunder/lightning.

EMERGENCY RESPONSE

- REACH or THROW - DON'T GO (unless trained lifeguard).
- Lifeguard executes rescue; clear all others from water.
- Begin CPR once out of water.
- CALL 911 + Medical Lead + AED.
- Full headcount to confirm no additional victims.
- Notify Commandant → LCYSC → SFPD → parent.

Activity EAP - Challenge Course & Heights

Zipline • High Ropes • Rock Climbing • Rappelling • Dangle Duo

PREVENTION CONTROLS

- Trained/certified operator required at each element.
- PPE: helmets & harnesses inspected before each use.
- Verify belay/attachment; buddy/peer PPE check.
- Suspend in high wind, lightning, or extreme heat.

EMERGENCY RESPONSE

- Stop all activity; lower/secure other participants safely.
- Operator executes trained rescue plan for the element.
- Do NOT move a fall victim with suspected spinal injury.
- CALL 911 + Medical Lead + AED.

⚠️ SUSPENSION TRAUMA - CRITICAL

A person left hanging motionless in a harness after a fall or stall can rapidly develop suspension trauma (blood pooling). RESCUE PROMPTLY. Once down, keep the casualty in a sitting/recovery position - do NOT lay them flat suddenly. Monitor and hand off to EMS.

Activity EAP - Off-Site Caving

OFF-SITE = DEGRADED COMMS & DELAYED EMS - PLAN BEFORE DEPARTURE

BEFORE DEPARTURE

- **Cave Location: [CONFIRM CAVE LOCATION]**
- **Nearest ER to cave: Twin Lakes Hospital**
- Written manifest (all names) left with Commandant.
- Designated Off-Site Leader-in-Charge identified.
- Comms check + planned check-in times with base camp.
- First aid kit, headlamps/backup light, helmets, layers.

EMERGENCY RESPONSE

- Off-Site Leader takes charge; secure the group.
- CALL 911 for the cave's jurisdiction; give exact location.
- Notify Commandant / LCYSC / SFPD at base camp.
- Do NOT attempt technical rope/entrapment rescue - await trained cave/EMS rescue.
- Treat for hypothermia; keep casualty warm.
- Account for ALL participants (manifest check).

Venue-Level Contingency

TIER	SITUATION	ACTION
1 - Normal	Standard operations at Camp Loucon.	Run all EAPs as written.
2 - Degraded	Loss of a building or utility (power/water) - camp can continue with changes.	Adjust schedule; consolidate to available buildings; modify meals/activities.
3 - Site Disruption	Structural, weather, utility, or public-health issue makes site partly/wholly unusable.	SFPD decides: relocate to backup site, convert to day-only, or begin controlled release.
4 - Cancellation	No safe alternative available.	Cancel/curtail; execute parent notification & reunification at Dining Hall.

Decision Authority: SFPD, in consultation with the LCYSC, G1, USPFO, State JAG, and State Surgeon/Safety as required.

Parent Communication & Reunification

COMMUNICATION

- In an evacuation/major emergency, notify parents of: (a) camper safety, (b) location, (c) drop-off point.
- Email (primary) + phone (alternate) to every parent/guardian from registration.
- Update the official Facebook page if applicable.
- One voice - SFPD approves all messages; refer inquiries to designated POC.

REUNIFICATION - DINING HALL

- Single controlled location: the DINING HALL.
- Photo ID required for every adult.
- Release ONLY to pre-registered authorized pick-ups.
- Sign-out log maintained; controlled flow to prevent congestion.
- Plan for youth whose parents cannot arrive quickly.

Plan Maintenance & Version Control

PLAN / DOCUMENT	VERSION	EFFECTIVE	APPROVED BY
Youth Camp Emergency & Contingency Plan	2026.5	JAN-DEC 2026	SFPD
Volunteer Training Deck	2026.3	JAN-DEC 2026	SFPD
Medical / EAP Briefing	2026.5	JAN-DEC 2026	SFPD

Review: Annual, post-season. Integrate After-Action Reviews (AARs) from each camp iteration.

Acknowledgment

Every staff member and volunteer is responsible for:

- Knowing these emergency and contingency procedures.
- Following the chain of command.
- Accounting for and protecting every child - regardless of your status.
- Speaking up: See Something, Say Something - no penalty for reporting.

"These are our Service Members' children. There is no higher trust."
